We are a 'self-service' hall. Before you leave:

- Turn off what you turned on. Sensor lights and heater 'boost' will turn themselves off. Check for taps left running.
- Take away what you brought in, including all rubbish. **There is no rubbish collection from the hall.** Sweep the floor and ensure no litter or lost property is left.
- put things back where you found them
- Please leave the hall as you would wish to find it; sweep up all rooms used, clean up any spills, check toilets are flushed and replace any empty toilet rolls. Something not working/broken/missing? It happens - please let us know so that we can fix it.

Thank you for hiring Pant Memorial Hall. We hope that your event goes well.
